

Naviance & Family Connection

Naviance's Family Connection is a web-based program that helps guide students toward career and college readiness. Using the tools provided, students map their own path starting with assessments to learn more about themselves, progress to goal setting and career exploration and then setting a plan to achieve their goals. Family Connection allows the student to do both career and college searches. This program is completely unique to each student, so the student may save information and build pieces of a portfolio.

GWHS uses Naviance for online college application submittal. All 12th grade students are trained in the College Planning Seminar class. For more information or for an access code, please contact [Ms. Gerlinger](#).
